Monthly Article

This months article "Simple Holiday Shopping" that you can soon find on our Daley Designs Facebook page, highlights Christmas shopping made easier without all the extravagance.

Welcome to the Daley Designs Newsletter

Dear Client,

The New Year brings a lot of changes for us....a new North End office, a new website development including time-line video, a new class schedule with new classes added, and regretfully the loss of my fabulous executive assistant Sarah Sundman who is making the big move to Austin Texas, she will be deeply missed!

In the works two new books from Debbe Daley:

"Designs for Daily Living"a publication full of interior redesign tips creative ideas for the home including staging tips for selling real estate quickly and unique redesign and repurposing projects.

"Shadows"....a visual publication of unique lighting placed in a creative way casting shadows of perfectly placed interior accessories..... Illuminating!

Debbe's Tip of the Month

Simple Christmas Tree Solution by Debbe Daley

Sometimes we are overwhelmed with decorating a large Christmas tree. Downsizing the tree is simple. Create a beautiful modern tree by walking into the woods and cutting down the perfect bare branch. Yes, no leaves, no green branches. Purchase an inexpensive smaller decorative iron tree stand. Begin decorating with mini white lights wrapped and draped from branch to branch. Keep it simple....add white mini pinecones, and ivory and gold bows tied to the delicate branches. Simple and elegant!

Sarah's Parting Tip of the Month

Simple Christmas Centerpieces By Sarah Sundman

If your looking for an easy affordable way to decorate your home, take the extra Christmas tree branches and find a glass vase. Place in the bottom of the glass vase various colored ornaments and place

the christmas tree branches ontop of the ornaments so they come out of the vase. This will make a beautiful centerpiece that will WOW your guests.
